

HOST CHARACTER LIST - AS THE BALL DROPS

EXPANSION PACK #2

6 characters: 3 **required**, 3 optional (all flexible gender), and two optional expandable teams. You may skip the required players altogether if you need less than 3 and then play any of the 3 optional characters you wish.

NAME / OCCUPATION	BRIEF BIO	SUGGESTED ATTIRE
<p>REMY STARLING <i>Wildlife Photographer</i></p> <p>REQUIRED Flexible gender</p>	<p>Remy Starling, a world-roaming shutterbug, snaps some of the most breathtaking, rare, and exotic wildlife shots you'll ever see. Freelancing's the game for Remy, peddling those one-of-a-kind photos to whoever's willing to shell out cash. Regarding allegiance, Remy's got a singular devotion – and that's to the almighty American buck.</p>	<p><i>Optional to have a real/toy camera with a long lens, a wide-brimmed hat, and a pair of real/toy binoculars hanging around the neck.</i></p>
<p>*DAKOTA WREN <i>Experimental Chef</i></p> <p>REQUIRED Flexible gender</p>	<p>Dakota Wren, a culinary virtuoso straight outta the Big Apple, is making waves with groundbreaking kitchen concoctions. Dakota has mastered mixing up unique flavors and techniques, thrilling the taste buds of foodies citywide. Whether it's a pop-up in Brooklyn or a trendy Manhattan eatery, Dakota's dishes are all the rave, capturing the city's vibrant spirit in every bite.</p> <p>*An optional team of up to 25+ duplicate non-suspect sous chefs will play with Dakota Wren as their team leader.</p>	<p><i>A modern, artistically designed chef's coat with asymmetrical buttons, paired with stylish, yet practical kitchen pants. Optional to have kitchen gadgets as props.</i></p>
<p>*MARLEY LARKSPUR <i>Space Architect</i></p> <p>REQUIRED Flexible gender</p>	<p>Marley Larkspur, hailing from the sunburnt landscapes of Australia, is a visionary. Marley designs futuristic habitats and structures meant for the great beyond. Marley's work in space architecture has paved the way for extraterrestrial colonization, blending outback resilience with cosmic creativity.</p> <p>*An optional team of up to 25+ duplicate non-suspect space architects (Marley Larkspur's Crew) will play with Marley as their team leader.</p>	<p><i>A sleek, futuristic jumpsuit with geometric patterns, resembling a space suit but more tailored for mobility and design work. Anything high-tech as props (VR goggles, digital tablet, tool belt of electronics, etc.)</i></p>
<p>JORDAN PUDDLEPUMP <i>Professional Stunt Coordinator</i></p> <p>OPTIONAL Flexible gender</p>	<p>Jordan Puddlepump, a Hollywood-based stunt maestro, orchestrates and performs breathtaking, high-adrenaline stunts for blockbuster movies. Jordan has become a go-to name in Tinseltown for jaw-dropping cinematic action. Amidst the glitz and glam of Hollywood, Jordan brings heart-pounding sequences to life while ensuring every stunt is as safe as it is spectacular.</p>	<p><i>A black, fitted outfit with padded safety areas looks part practical and part stylish. Walkie-Talkie (real/toy), clipboard with stunt diagrams, etc. as optional props.</i></p>
<p>PEYTON HONEYBEE <i>Ethical Hacker</i></p> <p>OPTIONAL Flexible gender</p>	<p>Peyton Honeybee is a cyber guardian who leverages expertise to shield sensitive data and counteract digital threats. Peyton collaborates with leading tech corporations to bolster cybersecurity. This cyber cop uses innovative techniques and strategies to stay one step ahead of hackers, ensuring that our digital world remains secure and trustworthy.</p>	<p><i>A smart-casual ensemble with a techy edge, like a graphic t-shirt featuring code or cyber designs, paired with a comfortable hoodie and jeans. Laptop (real/toy) and headphones (real/toy) as optional props.</i></p>

ELLIS NIGHTENGALE

Urban Ecologist

OPTIONAL

Flexible gender

Ellis Nightingale is passionately committed to eco-friendly urban developments. Ellis works tirelessly to weave natural elements into urban landscapes, enhancing city dwellers' quality of life and ecological diversity. Their approach to urban planning beautifies city spaces and addresses critical environmental challenges, making our cities greener, healthier, and more sustainable for future generations.

A blend of field gear and urban fashion – a breathable linen shirt, comfortable trousers, and a utility belt for tools. Optional props include a magnifying glass, a notebook with environmental observations, and a potted plant for measuring environmental data.
