GUEST LIST

EDDIE POE

Editor-in-Chief, Wraith's Cove Daily

Editor-in-chief and full-time master of brooding solitude, Eddie Poe runs the Wraith's Cove Daily from a decaying estate just as emotionally unstable as its owner. Once a tortured poet, now a rage-fueled creature of habit with a flair for the morbid. Loves deadlines, hates doorbells. Interrupt the routine? Brace for a poetic tantrum—laced with venom and vocabulary misunderstood by most.

LINCOLN DANGERFIELD

Police Psychologist

A silver-tongued enigma with a shadowy past, Lincoln once dropped out of high school to join the ranks of street hooligans. These days, Lincoln is the unnervingly serene police psychologist for Wraith's Cove—always eerily calm when predicting doom. Morally flexible and maddeningly accurate, Lincoln claims to have the world all figured out.

LOGAN FINCH

Office Manager, Wraith's Cove Daily

Logan Finch, an American of Irish descent, thrives on office politics and revenge plots. A ruthless ladder climber at the Wraith's Cove Daily, Logan spreads gossip only when it promises a bump in status. Frequently alone and unapologetically self-serving, Logan is fueled by ambition and espresso—but mostly ambition.

LANDRY NEVERMORE

Homicide Detective

Lauded as the greatest detective of the era, Landry Nevermore is charming, cerebral, and sharp as a scalpel. In a town steeped in crime and chaos, Landry cuts through lies with logic and wit. A deductive marvel with a sixth sense for sinister minds, Landry is Wraith's Cove's reluctant moral compass.

BROCK FALSTAFF

Unemployed

A genius by birth, a chaos machine by choice—Brock Falstaff dismantles the mundane purely for sport. Jobless and overdressed, Brock floats among Wraith's Cove's elite, scheming to fund an extravagant shopping habit with someone else's credit card. Endlessly clever, dangerously bored, and never dull.

JESS SHERLOCK

Writer

The most cryptic guest on Poe's list, Jess Sherlock is a bestselling author with a reckless streak and a mansion next to Eddie Poe's. Equal parts serene and self-destructive, Jess operates with zero regard for comfort, safety, or social norms. With over thirty undead novels haunting bookstore shelves, Jess just might be drafting a personal tragic ending—one chapter at a time.

GUEST LIST

GRAY GOLIGHTLY

Owner, Golightly Escape Experience

Charming as a hand grenade, Gray Golightly is a reckless thrill-seeker under investigation for vanishing tourists. A cello-playing hipster with a dark imagination, Gray's life is a surreal fairytale riddled with danger. Just don't take anything Gray says seriously—unless you're in an escape room. Then panic.

DR. FOX

Illusionist

A rising artist and renowned escapist, Dr. Fox channels every ounce of creative force into the House of Dread—a shadow-drenched theater and macabre museum devoted to magic's deadliest failures. Carved from the stone that births the bold, Dr. Fox is a relentless creature of habit, focused on cementing a legacy in the dark arts of illusion. A life steeped in sorrow and injustice fuels the theater's chilling performances—each act a haunting echo of the past.

LOLO TROTSKY

Private Investigator

A self-proclaimed vigilante, Lolo Trotsky is a rogue PI who ignores the rulebook and rewrites the ending. Hilarious, blunt, and borderline bullying, Lolo believes justice must be served—with a sledgehammer if needed. Longtime nemesis of Landry Nevermore, Lolo is always a few steps ahead—or completely off-course.

MORGAN MARLOWE

Convenience Store Clerk

Morgan Marlowe splits time between bagging chips and swiping wallets. A poetic soul with pickpocket skills, Morgan blends street smarts with wide-eyed charm. By day, a clerk at Stop-N-Go; by night, a petty criminal with rich tastes and a thief's toolkit of tricks.

PAIGE SHANDY

CTO, Wraith's Cove Daily

A nightmare in every conference room, Paige Shandy is the Daily's unpredictable tech genius. Page is a suspected hacker and a confirmed menace. Paige swings between terrifying and tender with no warning. If Paige offers help—or threatens you—proceed with caution either way.

SEVEN CAULFIELD

Puppeteer

A doomed romantic with a wild imagination and the attention span of a dream, Seven Caulfield lives in the in-between—half whimsical wonder, half existential shrug.

Responsibilities are dodged with the grace of a ballet dancer avoiding adulthood. A puppeteer by trade and a philosopher by accident, Seven spins tales for adoring children and 500K online fans. Morally pure, hopelessly lost, and somehow always late.

GUEST LIST

FLYNN MORIARTY

Journalist, Wraith's Cove Daily

Flynn hides behind a sparkling social life and a hollow trust fund, armed with nothing but charm. Thanks to childhood ties with Eddie Poe, Flynn landed a reporter gig at the Wraith's Cove Daily—covering bake sales while fantasizing about bigger headlines. Flynn might become something great... if ego doesn't implode everything first.

STERLING TWIST

Con Artist

Sterling Twist is either a misunderstood genius or a beautifully dressed liar—possibly both. A mystery wrapped in a metaphor inside a fake identity, Sterling dances through life with a knowing smirk and a suitcase full of someone else's credit history. Time, truth, and reality bend when Sterling's around. If someone's missing a ring or a wallet... check Sterling's coat pocket, but don't expect any straight answers.

DANNY DRAKE

Forensic Anthropologist

Equal parts child star reject and lab-coated diva, Danny Drake deciphers bones all day in the lab. Forensics pays the bills, but the dream of fame still simmers under every microscope slide. Grudges are kept polished and displayed like museum pieces, and society itself is Danny's favorite scapegoat. If Danny's in the room, expect sass, side-eye, and a one-person show already in progress.

SAM SALANDER

Headmaster, Hogcastle Preparatory School

Noble, dramatic, and more intense than a final exam at midnight, Sam Salander leads Hogcastle Preparatory like a knight trapped in a boarding school drama. Fueled by caffeine, honor, and an alarming belief in rigid bedtime rules, Sam is on a crusade to civilize the youth—whether they like it or not. Sam speaks in life lessons, expects punctuality, and probably has a backup speech prepared for every minor conflict.

ZANE KATZ

Agent, Undisclosed Agency

Refined, philosophical, and totally off the grid, Zane Katz is the agent no one knows enough about. With polished manners and an RSVP that arrived suspiciously early, Zane unnerves guests with calm charm. Whether Zane's here for work or for wicked fun remains classified.

BO BANDINI

CIA Agent

After twenty decorated years in the military, Bo Bandini, a Wraith's Cove local, now serves as a CIA agent. With an obsessive streak and a refusal to surrender, Bo's booming laugh lights up rooms—right before the tension creeps back in. Driven and layered, Bo's motives are admirable... and mysterious. No one can quite figure out what this spy is really after.
