COLTON'S COLLAB PARTY GUEST LIST:

MICAH MOONRIDGE

MAKEUP ARTIST | MAKEUP & MISHAPS

Micah Moonridge creates wild makeup tutorials that never stay on track—starting with eyeliner tricks but quickly turning into ghost stories or emotional spills about coffee. Famous for saying, *'Blending is a lifestyle, babe,'* Moonridge once contoured with barbecue sauce on a dare, sparking a viral trend. Micah also proudly keeps a running list of enemies under coded names. Micah sometimes updates the list between eyeshadow breakdowns.

CHARLIE GLASSWELL

DOG TRAINER | DOG PARK DRAMA

Charlie Glasswell, a dog trainer turned viral star, narrates pets' daily drama like reality TV. Charlie insists one dog, Winston the Pug, secretly plots world domination—and followers agree entirely. Famous for yelling, *'DON'T TRUST WINSTON!'* whenever Winston side-eyes dogs at the park, Charlie also constantly overshares about a household full of quirky pets.

EMBER STARK

THRIFT STORE MANAGER | THRIFT OR DARE

Ember Stark runs a thrift shop that's equal parts vintage treasures and unsettling curses. Each antique show-and-tell ends with a cheerful, *'Anyway...if I go missing, you know why.'* Ember once insisted a haunted doll whispered compliments about a customer's bangs—and followers still believe every word. Shoppers keep returning for both the charm and the chills.

LATCH VANDERBILT

DELIVERY DRIVER | TAKEOUT TRAUMAS

Latch Vanderbilt, Blood Falls' most chaotic delivery driver, creates epic food delivery videos packed with dramatic music, questionable re-enactments, and voiceovers worthy of an action movie trailer—*'This is the burrito...that almost broke me.'* Latch once filmed an unforgettable four-minute emotional breakdown over a forgotten fork. Legendary. Despite the chaos, Latch's followers swear by those reviews — if Latch says a burger's life-changing, you *order that burger.*

NIMBUS ADDAMS

SELF-APPOINTED MAIN CHARACTER | NIMBUS: THE MOVIE

Nimbus Addams lives every second like it's an epic movie trailer—famous for taking slow-motion walks in a light drizzle, fully convinced it's a raging storm. Known for dramatically whispering, *'This moment? Cinematic,'* Nimbus insists on wearing sunglasses indoors because the world is simply too bright for this icon. Life is a film, and Nimbus is always the main character.

SAGE HYDE

LAZY LIFE COACH

Sage Hyde shares life hacks that are so questionable they barely qualify as advice. Greatest hits include gems like *'Save time—sleep in your clothes'* and *'Hydration? Exactly three sips. No more, no less.'* Sage once attempted to write a motivational book but got bored halfway through and turned it into a 12-second Yippee Shorts masterpiece instead.

FRANKIE VADER

CHARACTER COMIC

Frankie Vader easily plays twelve different characters in a single comedy skit, transforming even a simple grocery run into a five-act theatrical saga. Fans especially love Frankie's dramatic cashier voice: *'That'll be fifteen twenty-nine...and your SOUL.'* Frankie often jokes that the town of Mournshade is cursed—but can never share the spooky stories without bursting into laughter.

KIT STARHAVEN

CHAOS CHEMIST

Kit Starhaven tried making homemade bath bombs—accidentally blew up part of the kitchen—and casually livestreamed the aftermath while munching pizza. Now famous for chaotic experiments like *'How much slime can a microwave handle before exploding?'* Kit knows the answer but isn't telling. Terrible with names, Kit hands out hilarious nicknames based on appearances or odd habits.

COLTON'S COLLAB PARTY GUEST LIST:

AUGUST WILDMERE

SFX MAKEUP ARTIST | COSPLAYER

August Wildmere, the cosplay sorcerer of SFX makeup, transforms into mythical creatures, supervillains, and Victorian ghosts while casually humming eerie melodies like a haunted wind-up toy. Every look is cinematic, every tutorial feels like a ritual, and every costume is so convincing that it *might* be a portal to another realm. The makeup may wash off, but the unsettling vibes stay.

J.T. THISTLEDOWN

MEME LORD

A meme lord who communicates exclusively in reaction gifs and poorly timed high-fives, J.T. Thistledown has never met a situation that didn't deserve a "same" or an impulsive, blurted-out thought. J.T. laughs at anything - way too hard and is the kind of person who sends "LOL" in the group chat and actually *means* it. This meme lord has approximately four million unfinished projects but *one* fully committed mission: never let an awkward silence exist.

BLUE BELLAMY

VINTAGE FASHION CURATOR

A vintage fashion curator with a flair for chaos, Blue Bellamy thrives on bringing old-school glam to the modern era—while *also* daring friends to do something ridiculous every five minutes. Blue fidgets endlessly, whether hanging new threads, restoring a football jersey, or getting the dust out of an old leather coat. Blue thinks rules are *suggestions* and impulse decisions are just "spontaneous styling moments." Blue owns *Retroflex* and sells vintage finds online and at *Glowhaven Outdoor Mall*.

ARROW ASHFORD

FULL-TIME CONTENT CREATOR

Master of call-out culture, Arrow Ashford built an empire exposing influencer slip-ups, hypocrisy, and crimes against good content. Every post is a blockbuster, packed with cinematic references and dramatic slow-motion recaps—because life is just one long Oscar-worthy monologue. Equal parts feared and admired, Arrow thrives on chaos, conflict, and, most of all, engagement. As one viral takedown video says, "*You either die a brand deal hero or live long enough to see yourself canceled by Arrow Ashford.*"

JULES BLACKBURN

STEM PRODIGY | TEEN SCIENTIST

A teen science prodigy, chaos gremlin, and walking Wikipedia page, Jules Blackburn can build a rocket engine, code a robot, and accidentally set off a minor explosion—all before breakfast. Jules drops unrelated fun facts at the worst possible time: "*Did you know octopuses have three hearts? Anyway, I might have added too much hydrogen peroxide to this mix...*". Jules is too clever for regular school, too reckless for a lab with safety protocols, and a danger to public property—but in an exciting way.

HAYDEN HOLLOWAY

VR LIVE STREAMER

The VR overlord of the streaming world, Hayden Holloway lives for immersive gameplay, chaotic energy, and the kind of laugh that shakes headsets off unsuspecting viewers. Hayden never stops talking—about the game, snacks, a dream from three years ago that just *came back mid-stream*, and has mastered the art of playing at a pro level while also narrating an entire side story about a neighbor's dog. The real multiplayer experience is just surviving Hayden's voice at full volume.

STORM SILVERCREST

BARISTA, THE DAILY DRIP

A chronically overworked barista who spills tea—both figuratively and literally, Storm Silvercrest lives in a constant state of dramatic exhaustion. Perfect latte art? Easy. Not audibly gasping at every slightly surprising moment? *Impossible*. Storm is always up to date on gossip (because people assume baristas are invisible) and will drop the scoop into casual conversation with a knowing sip.

VALE VEXLEY

VEGAN CHEF

A vegan chef and elusive food truck ghost, Vale Vexley prefers to let the plant-based dishes do the talking—because actually *talking* is stressful. This chef avoids eye contact like it's a call from an unknown number, yet somehow stares with laser precision when unnoticed. Vale moves with the quiet intensity of someone who may or may not be plotting something but honestly just doesn't know what to say. Vale whips up the most mind-blowing jackfruit tacos but will awkwardly vanish the second a compliment is given.

COLTON'S COLLAB PARTY GUEST LIST:

SOL GRIMSTONE

FREELANCE GRAPHIC DESIGNER

A freelance graphic designer and full-time dream analyst, Sol Grimstone firmly believes *everything means something*—especially dreams. Sol takes strategic cat naps to “receive the next creative download,” convinced sleep is just a portal to future knowledge. Sol somehow still delivers jaw-dropping designs on time. Nobody knows how. Maybe *the universe* does.

DEVON DARKMOOR

CRYPTO TRADER, CONSULTANT

A crypto genius with a touch of cult leader energy, Devon Darkmoor speaks fluent blockchain, casually drops phrases like “*Web3 dominance*” in daily conversation, and genuinely believes fiat currency is a government conspiracy. Devon dials in from different locations and is constantly “*on the move for security reasons.*” Every conversation will, without fail, loop back to NFTs, decentralization, or a “*major opportunity*” you *must* hear about. Devon is either a genius or a total fraud, depending on who you ask.

SEVEN WHITLOCK

ASMR CREATOR

An ASMR creator and professional attention thief, Seven Whitlock delivers soothing whispers one second and then interrupts a conversation with “Hold on, selfie time” the next. With Seven’s selfies, the camera angle’s perfect, the lighting is always *just right*, and somehow, every latte sip sounds like a cinematic masterpiece. Even the most mundane moment is content-worthy—if Seven is in the room, expect to be in a livestream whether you like it or not.

REMY IRONWOOD

SOCIAL MEDIA DETECTIVE

Social media’s self-proclaimed detective, investigator, and truth extractor, Remy Ironwood can find anyone’s deleted posts, burner accounts, and questionable monetary transactions in under five minutes—*for fun*. No secret is safe, no DM private, and no influencer truly clean when Remy starts digging. Remy narrates every interaction like a reality show confessional, complete with dramatic pauses, foreshadowing, and side-eye at an imaginary camera. The algorithm fears Remy. So should everyone else.

PAX HAWTHORNE

FITNESS GURU, HOOF & FLOW

A fitness guru with the competitive drive of an Olympic athlete and the energy of a golden retriever who lapped up your Gran’s coffee behind her back, Pax Hawthorne doesn’t just work out—Pax *conquers* workouts. Every day is a *challenge*, every activity is a *race*, and every mildly inconvenient situation is somehow a fitness test. Pax runs *Hoof & Flow*, which is a goat yoga empire. Pax also hosts planking contests online, which *will* make you feel bad about skipping leg day.

JAMIE FALCONER

DANCE PRODIGY

A dance prodigy and viral choreography machine, chatting with Jamie Falconer includes exaggerated hand gestures, dramatic spins, and at least one unnecessary body roll. Known for creating dance trends that everyone tries—but only Jamie *masters*, there’s always a phone nearby, ready to capture the next viral **#FalconerFlow** moment.

TATUM NIGHTENGAL

TRUE CRIME PODCAST HOST, SECRETS IN THE STATIC

The voice of every unsolved mystery, Tatum Nightingale delivers true crime breakdowns with the kind of whispered intensity that makes listeners double-check their locks. Tatum speaks almost exclusively in ASMR-level dramatics, drawing out shocking details like a suspense novel in real time. This podcaster is known for pausing mid-sentence *just long enough* to make audiences lean in, only to hit them with a sudden twist. Tatum probably has a favorite serial killer—but *not* in a weird way.

RIX RAVENSCROFT

SOCIAL MEDIA MANAGER

A social media manager who obsesses over analytics, Rix Ravenscroft breathes follower counts, engagement rates, and *the perfect post timing*. Rix checks insights like a pulse, speaks unironically in marketing jargon, and judges people based on whether they understand the difference between reach and impressions. Rix somehow turns casual hangouts into brainstorming sessions and uses the motto: *Life is a campaign. Everything is branded.*
